

CARD GAMES Stages 1-3

- Identify the numbers 1 to 10
- Order the cards 1 to 10 (count forwards)
- Order the cards 10 down to 1 (count backwards)
- Flip the cards one at a time. Quickly say the number before or after the number on the card.
- Use the cards 1-5. Match the cards that equal 5.
- Flip the cards one at a time. Quickly add or subtract one (or two) to the card.
- Use the cards 1-5. Flip the cards one at a time. Double the number.
- Match each number 1 to 5 with its double.
- Use the cards 1-5. Add them together or take the smaller number away from the bigger number.
- Make pairs of cards that equal 10.
- Use the cards 1-5. Place a 5 facing upwards. Flip over the cards one at a time to practise your 5 plus facts.
